# Embracing a Radically Uncertain Future— From Zombie Apocalypse to Deep Transition

Featuring **Michael Brownlee** of **Local Food Shift**

with Permaculture Designers **Amanda and Brian Scott** of **63rd Street Farm**

**Calling all permaculturists and evolutionary catalysts:** climate chaos, global food crisis, collapse of industrial civilization, Near-Term Extinction. While these capture our attention, more is going on behind the scenes. **Michael Brownlee** traces the edges of planetary evolution to explore the essence of what's emerging.
